amount) for use at CSB managerial discretion, for a total of \$5,401,593.75. There were two other bidders, The James White Construction Company of Weirton, WV, with a bid of \$5,987,217.12 and Triton Construction, Inc. of St. Albans, WV, with a bid of \$8,430,400.00.

- C. Consider for approval, and authorize the CSB General Manager, or his designee, to take all actions necessary to execute and submit its West Virginia Department of Environmental Protection State Revolving Fund Loan Application for its Woodward Branch Sanitary Sewer Replacement and Rehabilitation Project, Phases I and II.
- D. Consider for approval, and authorize the CSB General Manager, or his designee, to take all actions necessary to effect Change Order No. 4, to the Pipe Plus, Inc. Combined Contracts 15-1 and 15-2 in the amount of \$19,361.00, thus revising the current contract amount from \$7,598,284.12 to \$7,617,645.12 and increasing the Contract Time 193-calendar days, thus revising the current date of Final Completion from September 26, 2019 to April 6, 2020. The increase in contract cost associated with this change order is to utilize directional drilling in lieu of conventional open cut method, to install sewer Line CR12. The original location of CR12 was discovered to be in a slip prone area, so it was relocated. To not exacerbate existing conditions, directional drilling, a less invasive installation method, was selected in lieu of open cut. The increase in Contract Time is attributed to one day of inclement weather and the balance is due to an unanticipated amount of rock excavation. The increase in Contract Time is at no additional cost.
